4. Cui S, Li Y, Wang Y, Cui Z, Chang S, **Zhao P**. Joint treatment with azidothymidine and antiserum for eradication of avian leukosis virus subgroup a contamination in vaccine virus seeds. Poultry Science, 2018, 97(10):2919-2924.
5. Su Q, Li Y, Cui Z, **Chang S, Zhao P**. The emerging novel avian leukosis virus with mutations in the pol gene shows competitive replication advantages both *in vivo* and *in vitro*. Emerging Microbes and Infections, 2018, 7(1):117.
6. Li J, Meng F, Li W, Wang Y, Chang S, **Zhao P, Zhai Z**. Emergence of avian leukosis virus subgroup J isolated between 1999 and 2013 in China. Poultry Science, 2018, 97: 3532– 3539.
7. Su Q, Li Y, Li W, Cui S, Tian S, Cui Z, **Zhao P, Chang S**. Molecular characteristics of avian leukosis viruses isolated from indigenous chicken breeds in China. Poultry Science, 2018, 97:2917 – 2925
8. Meng F, Li Q, Zhang Y, Cui Z, **Chang S, Zhao P**. Isolation and characterization of subgroup J Avian Leukosis virus associated with hemangioma in commercial Hy-Line chickens. Poultry Science, 2018, 97: 2667– 2674.
9. Meng F, Li Q, Zhang Y, Zhang Z, Tian S, Cui Z, **Chang S, Zhao P**. Characterization of subgroup J avian Leukosis virus isolated from Chinese indigenous chickens. Virology Journal, 2018, 15(1): 33.
10. Li Y, Cui S, Li W, **Wang Y, Cui Z, Zhao P, Chang S**. Vertical transmission of avian leukosis virus subgroup J (ALV-J) from hens infected through artificial insemination with ALV-J infected semen. BMC veterinary research, 2017, 13(1): 204.
11. Li Y, Meng F, Cui S, Fu J, Wang Y, Cui Z, **Chang S, Zhao P**. Cooperative effects of immune enhancer TPPPS and different adjuvants on antibody responses induced by recombinant ALV-J gp85 subunit vaccines in SPF chickens. Vaccine, 2017, 35(12): 1594-1598.
12. Li X, Dong X, Sun X, Li W, Zhao P, **Cui Z**, Wang X. Preparation and immunoprotection of subgroup B avian leukosis virus inactivated vaccine. Vaccine, 2013, 31(46): 5479-5485.
13. Dong X, Zhao P, Xu B, Fan J, Meng F, Sun P, Ju S, Li Y, Chang S, Shi W

chickens. Poultry science, 2015, 94(4): 668-672.

19. Dong X, Ju S, Chen J, Meng F, Sun P, Li Y, Wang X, Wang Y, Liu J, Chang S, Zhao P, **Cui Z.**
